University Catalog Course Description
Provides experience using research skills to foster systematic and thoughtful inquiry into classroom practice. Explores relevant classroom practice issues through critical writing, action, and research. Emphasizes cultural diversity, language, and gender issues in research.

Course Overview
The purpose of this course is to provide participants with: a) a foundation for implementing critically reflective, systematic, and thoughtful inquiry into classroom practice, b) a developing perspective on the cultural, linguistic, and ability diverse learner variables in 21st century classrooms, c) opportunities to understand and augment research skills, and d) emergent knowledge on how critical reflection and teacher professional knowledge and dispositions frame their classroom practice. Practitioners explore relevant classroom practice issues through writing, reflections, exploring and experimenting with action research approaches, and sharing their work in a collaborative setting. Through the critical examination of action research and experimentation with action research strategies and approaches, teachers come to recognize the value of classroom inquiry as a way to make more informed decisions about their educational practice. Participants give special attention to cultural and linguistic diversity and their own cultural backgrounds as they inform their approaches to teaching and learning, begin to explore other cultural dimensions in the consideration of research questions, puzzlements, and the conduct of research.
Course Delivery Method
This course will be delivered using a lecture format. To meet course objectives, the delivery of EDUC 612 is accomplished through a combination of experiential learning activities, in-class collaborative work groups, dialogic discussions, interactive online discussion strands, individually written reflections, and mini-lectures designed to help meet the needs of all learners and learning preferences. These include:

- Presentations (i.e., mini-lectures, often assisted by Power Point and other visuals);
- Discussions (i.e., active involvement of students in learning by asking questions that provoke critical thinking and verbal interaction);
- Cooperative learning (i.e., small group structure emphasizing learning from and with others);
- Collaborative learning (i.e., heterogeneous groups in an interdisciplinary context);
- Guest lectures;
- Student sharing and mini-presentations;
- Web-based journaling;
- Synchronous & asynchronous online learning module components
- Blackboard web-based course management and portal system.

Learner Outcomes
At the end of this course, students will be able to:

- identify and understand different approaches to educational inquiry (ASTL Outcomes 3 & 4) (IB Adv Cert Domains 2.1 & 4.1),
- reflect systematically and critically about their teaching practice, individually and as members of learning communities (ASTL Outcomes 4 & 5) (IB Adv Cert Domain 3.2),
- examine the relationship between their own pedagogical actions and who they are as learner and individual, who they are as teacher, and who they are as teacher inquirer (ASTL Outcome 4) (IB Adv Cert Domains 3.2 & 4.1),
- demonstrate an understanding of their role as teacher leaders and action researchers in their educational settings (ASTL Outcome 4) (IB Adv Cert Domains 1.1 & 2.1),
- engage in critical reflection as a key element of their professional learning and educational practice (ASTL Outcome 4) (IB Adv Cert Domain 3.2),
- explain the critical importance of incorporating multiple perspectives in their educational practice to meet the needs of all learners, including culturally, linguistically and ability diverse learners (ASTL Outcomes 3 & 6) (IB Adv Cert Domains 1.1 & 2.2),
- develop research questions relevant to their classroom practice (ASTL Outcome 4) (IB Adv Cert Domain 4.1),
- provide a rationale for researching their own practice and explore how action research informs the management and monitoring of student learning (ASTL Outcomes 3 & 4) (IB Adv Cert Domain 4.1),
- identify, comprehend, and express the ethical and moral issues connected to classroom-based research (ASTL Outcomes 3, 4, & 7) (IB Adv Cert Domain 3.1, 3.2, & 4.1).

Professional Standards
Upon completion of this course, students will have met the following professional standards: EDUC 612 is aligned with the NBPTS propositions, specifically:

- Proposition 3: Teachers are responsible for managing and monitoring student learning;
- Proposition 4: Teachers think systematically about their practice and learn from...
EDUC 612 is also aligned to the three additional principles that guide the ASTL Core:

• Principle 6: Teachers account for the needs of culturally, linguistically, and cognitively diverse learners; and
• Principle 7: Teachers are change agents, teacher leaders, and partners with colleagues
• Principle 8: Teachers use technology effectively to facilitate student learning and their own professional development.

The content of EDUC 612 additionally aligns with aspects of the International Baccalaureate (IB) Certificate in Teaching and Learning Research, with a particular focus on the following Domains of Knowledge:

• Domain 1.1: Contemporary issues in IB education – Identification, clarification, and articulation of contemporary issues in IB context;
• Domains 2.1, 2.2: Research practice – Application of planning and scoping process in IB contexts; Collection, analysis, interpreting and reporting of evidence;
• Domains 3.1, 3.2: Linking theory to practice in an IB context – Identification and selection of source material; Critical reading and reflection;
• Domain 4.1: Building capacity for practitioner inquiry – Relevant research questions.

**Weekly Class Engagement (30 points)**
Weekly class engagement includes multiple aspects of engagement in our course content, including: the weekly class experiences incorporating reflective practice, critical inquiry, posing potential research questions, and action research procedures; critical discussion of scholarly readings with a focus on developing critical reflective capacity (includes engagement with readings through your *Dialectical Journal*), and creation of the website for your ASTL program portfolio. In addition to being present each week and maintaining your *Dialectical Journal*, this part of your grade also includes quality participation and investment in dialogues and professionalism in all communication with your professor and your peers (including engagement as a critical friend in journal entry review). See Rubric.

**Critical Reflections (30 points)**. The following reflections will serve as a scaffold for the larger Autobiographical Study, a course performance-based assessment (PBA).

A. **Teacher Beliefs Statement (10 points)**. Surfacing and understanding our beliefs about teaching and the impact of those beliefs on the educational experiences we create (or don’t create) is foundational to developing as a critically reflective educator. To begin this journey, first you will construct a graphic (bubble chart) that identifies your beliefs and your accompanying classroom actions. Then you will translate that chart into a short 3-5 page paper (your Teacher Beliefs Statement). The paper should include references; note the reference page does not count as part of the page limit. This is a course performance-based assessment (PBA). See Rubric.

B. **Reflective Journal Entries (20 points)**. Participants will maintain an online reflective journal throughout EDUC 612. This journal, which will be written to prompts, is designed to help participants develop a habit of mind of putting thoughts to paper and will scaffold course learning leading to the Autobiographical Study. Systematic and regular journaling will be used to provide evidence of growth as a reflective educator and will provide
experience in reflection as a data collection source for the Autobiographical Study and forthcoming research in the Core. Each class period will involve reflective writing. See Rubric. Refer to the class schedule for submission dates for the individual Reflective Journal Entries, to be completed in Blackboard. Excerpts and representations of all of these various forms of critical reflection will be incorporated into the Autobiographical Study.

**Autobiographical Study (40 points)**
Participants will draw from their narratives, teaching, and research experiences, course materials, Dialectical Journals, and focused reflections to provide the rationale and foundation for their autobiographical study. Participants will incorporate a variety of genres (e.g. narratives, poems, images, videos, etc.) within their Autobiographical Study that capture their experiences as individuals, learners, and teachers. The purpose of this study is for educators to begin with Self as they provide an avenue to examine their own learning experiences and teaching practices and focus on how these and their growing understanding of new dimensions, such as culture, language, and critical reflection, relate to the practices they adhere to in their teaching. The Autobiographical Study emphasizes and incorporates critical reflective practice. Examples will be provided in class. See Rubric.

Electronic submission should be posted to the Blackboard Assessments link (Tk20). Your Autobiographical Study will be created using a Web 2.0 tool, Prezi, or web site.
[Note: Please copy the URL to a Word document before submitting to Blackboard and remember to include the password, if using a protected site.]

**Other Requirements**
**ASTL Professional Portfolio Reflection Point**
The ASTL Professional Portfolio is a program level performance-based document that provides concrete evidence of teacher learning and knowledge development throughout the Advanced Studies in Teaching and Learning Program while linking the ASTL program requirements with national, state, and institutional professional standards. Program participants begin the portfolio in EDUC 612 and develop its content across the Core and remaining Concentration coursework. In EDUC 612, the portfolio structure is created. At the conclusion of this course, you will write your first portfolio reflection point: EDUC 612. The reflection point is designed to connect knowledge attained through the Core course content and course products to the program learning outcomes and your own growth and development. It is written in response to the reflection prompt described in detail below.
PROMPT FOR ASTL PORTFOLIO REFLECTION POINT: EDUC 612

Teacher as Critical Reflective Educator

In this reflective narrative, you will focus on how coursework, related readings, and products in EDUC 612 have led you to think more deeply about critical reflective practice and who you are as a learner and educator.

First, reflect on your learning and your perceived growth and change at this point in the Core.
Then, construct a written reflection that captures the following:
  I used to think…
  Now I think…
  What this means for me

In your reflection, connect to any of the applicable eight program learning outcomes and the ways in which the performance assessments in this course provide evidence of your knowledge. Also, within your reflection identify program experiences that have most impacted your thinking and your teaching practices (including selected PBAs, course readings, activities, and other learning experiences).

Required course products to be used as evidence of knowledge:

- Autobiographical Study (EDUC 612)
- Teacher Beliefs Statement (EDUC 612)

Other suggested products for inclusion:

- Written reflections, as selected by individual (such as excerpts from journals)

Guidelines and suggested format for each of the Reflection Points

Length: Aim to limit your response to two well written single-spaced pages

Focus: Each Reflection Point should include a short description, but will focus on interpretation and analysis of learning by synthesizing knowledge attained from that learning component of the Core coursework.

Format: Each reflection point describes, interprets, and examines why and how the course product(s) provide evidence of the ASTL principles addressed in that learning module. Here you should also discuss the impact of this course/learning module on your teaching practice and its impact on P-12 student learning.

General Requirements

A. Criteria for evaluation: Expectations for EDUC 612 include regular attendance in class, active participation in all in-class and online discussions and in small group activities, completion of all readings, exercises, and papers, active and ongoing engagement with journaling as a growth of reflective practice.

B. All assignments are due no later than 11:59 PM EDT of the date indicated in each week’s assignments published in the COURSE SCHEDULE AND TOPICS section of this Syllabus. Due dates are also posted on our Bb course site.
   a. Grades for assignments date-stamped in Blackboard after the due date will be reduced by 10%, unless prior approval from instructor has been granted. No late submissions will be accepted after the course end date.
b. Assignments earning less than a passing grade may be rewritten and resubmitted so that the assignment is satisfactorily completed. In fact, because learning is the goal, I may require you to redo an assignment that is far below expectations.

C. Please adhere to the assignment submission instructions listed in this Syllabus. Only assignments submitted as indicated will be graded; incorrect submissions will result in a grade of zero for those assignments.

c. All assignments submitted should have the filename format LASTNAME-ASSIGNMENT TITLE. Do not upload written assignments in PDF format. Other editable formats are acceptable (i.e., .doc, .docx, .rtf, .ppt, .pptx, .xlsx, .xlsx). ONLY supporting documents for assignments can be in PDF format.

D. All written work should be carefully edited for standard grammar and punctuation, as well as clarity of thought. All submitted work should be prepared through word processing and reflect APA style (6th edition), as well as double-spaced, with 1” margins, and 12-point font (Times New Roman, Calibri, or Arial).

- Instructor Role in Online Interaction
  • Some of our classes will be held online, and students will participate in online discussions with their peers. Although I will be monitoring online discussion forums, my participation within them will be limited as I want discussions to be authentic between members. Please note that during this time, I will be noting the quality and extent of your participation.

- Grading
  | 95-100=A | 90-94=A- | 86-89=B+ | 83-85=B | 80-82=B- | 70-79=C | Below 70=F |

Professional Dispositions
See https://cehd.gmu.edu/students/policies-procedures/

Students are expected to exhibit professional behaviors and dispositions at all times. ASTL will distribute the program’s Statement of Dispositions at the outset of the program, which all participants are expected to sign as an indication of their commitment as professionals.
